Introduction.....	1
Ecologically significant river and stream segment descriptions.....	5
Las Moras Creek.....	6
Arroyo Colorado Tidal.....	8
Rio Grande.....	14
Rio Grande Tidal .....	24
References .....	31

## LIST OF TABLES AND FIGURES

Table 1. Ecologically significant river and stream segments.....	3
Figure 1. Rio Grande (Region M) water planning area.....	4
Figure 2. Location of the ecologically significant Las Moras Creek Segment from Maverick/Kinney County downstream to its confluence with the Rio Grande in Maverick County. ....	6
Figure 3. The forested riparian corridor appears in red in this CIR of Las Moras Creek. The surrounding habitat is arid brushlands.....	7
Figure 4. Location of the ecologically significant Arroyo Colorado (TNRCC segment 2201) just upstream of Port Harlingen to its confluence with Laguna Madre in Willacy/Cameron County. ....	8
Figure 5. Forested riparian habitat along Arroyo Colorado near Port of Harlingen, Texas.....	10
Figure 6. Forested riparian habitat along Arroyo Colorado near Rio Hondo, Texas.....	11
Figure 7. Mapped wetlands habitat along the Arroyo Colorado on Laguna Atascosa NWR .....	12
Figure 8. Extensive freshwater and estuarine habitats along Arroyo Colorado on Laguna Atascosa NWR .....	13
Figure 9. Location of the ecologically significant Rio Grande Segment (TNRCC segment 2302) between Falcon Dam and the Rio Grande Wier in Cameron County.....	14
Figure 10. Forested riparian habitat along the Rio Grande below International Falcon Reservoir.....	16
Figure 11. Falcon Woodlands and freshwater wetlands downstream from International Falcon Reservoir Starr County, Texas .....	17
Figure 12. The LRGVNWR/Kepler tract at Salineno, Starr County, Texas .....	17
Figure 13. The Rio Grande at Fronton, Starr County; GTCBT site LT078 .....	18
Figure 14. The Rio Grande at Roma Bluffs, Starr County, Texas; GTCBT site LTC 077.....	18
Figure 15. Riparian corridor along the Rio Grande in Hidalgo County, Texas at Bentsen-Rio Grande SP. ....	19
Figure 16. Resaca riparian habitat on Bentsen-Rio Grande SP. ....	19
Figure 17. Riparian habitat along the Rio Grande below McAllen, Texas at Anzalduas Dam and County Park .....	20
Figure 18. Anzalduas County Park forested bottomland.....	20
Figure 19. Extensive riparian habitat along the Rio Grande, Hidalgo County, Texas.....	21

## List of Tables and Figures (continued)

Figure 20. Riparian forest along the Rio Grande Santa Ana National Wildlife Refuge.....	21
Figure 21. An extensive marsh/swamp habitat at Santa Ana National Wildlife Refuge.....	22
Figure 22. The Rio Grande as seen from Las Palomas WMA - Anacua Unit. ....	22
Figure 23. Resaca de la palma Unit of Las Palomas WMA. ....	23
Figure 24. Black-necked stilts feeding in freshwater habitat associated with Resaca de la Palma.....	23
Figure 25. Location of the ecologically significant tidal segment of the Rio Grande(TNRCC segment 2301) between the Rio GrandeWier downstream of the International Bridge in Cameron County and the Gulf of Mexico.....	24
Figure 26. Forested riparian habitat along the Rio Grande near Brownsville, Texas.....	25
Figure 27. Riparian forested habitat fringing the Resaca at Sabal Palm Audubon Center and Sanctuary on the Rio Grande near Brownsville. ....	26
Figure 28. Remnant grove of riparian sabal palms on Sabal Palm Audubon Center and Sanctuary Southeast of Brownsville on the Rio Grande.....	26
Figure 29. Extensive estuarine and riparian habitat (TNRCC segment 2301) near the mouth of the Rio Grande.....	27
Figure 30. Mapped wetland habitat of the Rio Grande Tidal. ....	28
Figure 31. Riparian brush along the Rio Grande near the mouth of the river. ....	29
Figure 32. Roseate spoonbills feeding in black mangrove habitat on South Bay near Boca Chica SP.....	29
Figure 33. A large brushl and tree covered loma (clay dune) surrounded by wind-tidal salt flats on USFWS Boca Chica tract of LRGVNR.....	30

## ABBREVIATION LIST

CIR	- Color Infrared
DOQ	- Digital Orthophoto Quadrangle
E	- Endangered
Fed.	- Federal
GTCBT	- Great Texas Coastal Birding Trail
LTC#	- Lower Texas Coast Site #
LRGVNWR	- Lower Rio Grande Valley National Wildlife Refuge
St.	- State
T	- Threatened
TPWD	- Texas Parks & Wildlife Department
USFWS	- United States Fish and Wildlife Service

## ACKNOWLEDGEMENTS

The authors thank TPWD biologists Gordon Linam and David R. Blankinship for providing valuable information concerning the significant river and stream segments.
